

**Resource CODE: WB/CAD/3064/RANI T**

**Educational Qualification:**

- Bachelor of Engineering in Mechanical Engineering (4 years Program)

**Total Experience:**

- Fresher

**Software skills:**

- CREO
- Catia V5
- Solidworks
- Ms Tools

**Skill Set:**

- A good Knowledge of making 3D models & 2D Drawings with sketching, Part modeling, Assembly.
- Researching whether the design will work and be cost effective
- Thinking of possible design solutions
- Assessing the usability, Environmental impact and safety of a design
- Modifying design and retesting them
- Collecting and analyzing data from tests on prototypes
- Writing regular progress reports and presenting them managers and clients.

**Key Highlights:**

- Designing of injection mold according to customer requirement.
- Able to interpret manufacturing drawings and tolerances.
- Working on the projects considering cost and time constraints.
- Dedicated about work
