

**Resource CODE:** WB/CAD/3069/SARVESH W .

**Educational Qualification:**

- Bachelor of Engineering in Mechanical Engineering (4 years Program)

**Total Experience:**

- Fresher

**Software skills:**

- Creo
- CATIA
- Autocad
- Ms Tools

**Skill Set:**

- Knowledge of making 3D models and 2D Drawings with sketching, Part modeling, Assembly
- Knowledge of GD & T
- Knowledge of making an assembly like Top-Down Assembly and Bottom-up assembly
- Excellent verbal, written, leadership and interpersonal communication skill

**Key Highlights:**

- Efficient in part modeling, assembly & drafting
- Punctuality
- Team work
- Management and planning
- Workaholic

### Projects Executed:

#### **Projects:**

- BE Project: Title: Design and Fabrication of Inbuilt Auto Pneumatic Jack for Automobile. Keywords: Pneumatic double acting cylinder, 5/2 hand lever valve, DC motor, rack and pinion, battery.
- Diploma Project: Title: Eccentric Punching Machine. Keywords: Motor, bearing cap, pulley, bottom plate, top plate, screw rod, shaft, cam
